

Abington SPED PAC

Group Email Distribution List

While we have meetings approximately every other month, many times there is information available about special events, parent training sessions, group discussions etc. that needs to be communicated in a more timely fashion. To help parents, guardians and family members with caring for their child(ren) with special needs, we have an email distribution that is used to disseminate information on programs and services that might be of interest. To be included in this email distribution please give your contact information to Inga Wronski at i.wronski@att.net. If you would like to have information distributed to the group, please contact Inga Wronski as well.

Resource Info

-Log on to Handikids.org to see the spring program brochure.

-Federation for Children with Special Needs (www.fcsn.org) is having their annual conference in Boston on March 14.

They also have a Summer Fun 2009 directory available for purchase.

-Log on to Wrightslaw for information on their Boston Conference on April 2, 2009. Their March 3, 2009 issue of the Special Ed Advocate Newsletter discusses Response to Intervention (RTI).

marcy111273@yahoo.com

Future Events

Our next meeting will be held in May. Flyers will be sent home announcing the day and time.

If you would like to peruse the Abington SPED PAC Resource Binder it is now located in the Children's Room at the Abington Public Library.

A NOTE ABOUT THE ABINGTON SPED PAC

The Special Education Parent Advisory Council (SPED PAC) is a "knowledge based" organization that provides a forum for parents to connect with other parents and professionals who understand their particular needs and concerns. Attendance at these meetings/gatherings will gain you valuable "tips" from others who understand your challenges. It will equip you with a better understanding of the "IEP/Team Meeting" process and delivery of services children receive throughout the Abington Public School District. Please join us to have your questions answered and your voices heard all in an informal setting.
